

CV - Adam Dolah

Profile and ambition

I'm an ambitious and curious lawyer who is truly committed to changing my career path by becoming a software developer. I'm excited about what the digital age will continue to bring and I want to be part of, and contribute to, our digital future. I grew up in Dalby with a Swedish mother, Thai father and two siblings. I'm currently living in Stockholm with my girlfriend. Apart from spending my free time coding I also play football in FC Krukan.

Recent work experience

2019

Associate, Synch Law

- At Synch, which is a tech focused law firm, I've been working closely with tech companies of different types and sizes. This has deepened my technical understanding, and also taught me a lot about the amazing work tech companies perform.

2018

Associate, Mannheimer Swartling Advokatbyrå

- Working at the largest law firm in the Nordics I developed a deep understanding of what quality work is and how to achieve it.
- I also learnt about how to work as a consultant and the importance of communication when handling clients.

2016-2018

Law clerk, Lund District Court

- In my role as a law clerk I learnt the importance of being meticulous, as all work performed represented the state and mistakes were therefore not an option.
- My work involved cases with people from all parts of society and through this I gained an awareness of the importance of being very open to people's differences.

2015-2016

Associate, Mannheimer Swartling Advokatbyrå

- See above.

Education

Fall 2018

Leadership for a Sustainable Future, Red Cross Folkhögskola, Skärholmen

- In my studies in sustainability I mainly focused on issues regarding decreased democracy in the world and the environmental challenges that we are facing.

2011 – 2015

Master of Laws, Uppsala University

- The law program was very demanding and required a high level of teamwork as the education was to a large extent based on group assignments.
